

LOOK UP

A year-long programme of artists' works made specifically for Hull's public places and spaces.

Designed to challenge people's perceptions of Hull and offer different ways to experience the city, Look Up will present a series of new artworks to intrigue and inspire throughout 2017.

Featured artists include: Nayan Kulkarni, Michael Pinsky, Tania Kovats, Claire Barber, Bob & Roberta Smith and Claire Morgan.

So, Look Up from your phone, look out of your window, look around you – who knows what you'll see!

INSTALLATION

NAYAN KULKARNI

As well as being an integral creative voice as part of the Look Up programme, Nayan is working with the Hull City Council and the public realm programme to commission a series of light installations across the city in 2017.

"The Golden Hour seeks to create a calm and inspiring set of illuminations that will transform some of Hull's significant buildings and historical sculptures. In combination with the new street lighting

infrastructure the work will constantly change the city at night through manipulating its lit effects.

Combining bold and subtle mood changes, colour and shadow will attract the eye from place to place. These changes relate to the speed of pedestrian movement, the speed of walking or even the pace of resting at a new bench, or pausing by a well-tended tree.

Eyes will be drawn upwards naturally, revealing some of Hull's historic architectural features in a way perhaps never seen before."
