Hi Sophie

I am happy for a mural on the side wall of the pub and the monument on the side car park.

Any risk, damage etc is not the responsibility of Marston's and although unlikely, we cannot guarantee that the owners of the property NRR will take the site back before Dec 2017.

Kind regards

To whom it may concern

I, ^{Mr} Tony Ward give consent for our end wall facing eastwards from Gesske Road to be used for a mural but would like local personal as much as possible to be used.

Our only concern would be security particularly from the scaffolding part of view.
