## **Background and Eligibility**

## Why the Civic Trust Awards?

The Civic Trust Awards was established in 1959 to recognise and reward the best projects in the built environment. From architecture to planning, hospitals to housing, public realm to public art, the Awards scheme acknowledges the built environment in its wider context and holds a firm belief that development should be for the benefit of the people it serves.

The aim of the Civic Trust Awards is to encourage the very best in architecture and environmental design, to improve the built environment for us all through design, sustainability, inclusiveness and accessibility, but also to reward projects that offer a positive cultural, social, economic or environmental benefit to their local communities.

### What is eligible for a Civic Trust Award?

All projects are judged on their own merit and every type of built environment project is eligible to apply (and win) a Civic Trust Award, which is given to outstanding projects in the fields of architecture, planning, environmental design, landscape, public realm and public art. Entries are invited from schemes of all types, sizes and budgets – our only requirement is that the scheme must be either publically accessible **or** visible from a public highway or footpath.

#### The application round is NOW OPEN.

#### The closing date for entries is 5pm on Friday 28th July 2017

Schemes from all areas of the UK and Republic of Ireland are eligible to apply for an award, as well as suitable international applications. All entries are submitted online via our website <u>www.civictrustawards.org.uk</u>

In addition to **Civic Trust Awards** applications we are also are also encouraging separate applications to:

- **Pro-Tem Civic Trust Awards** a specific entry category for temporary projects or installations
- Civic Trust AABC Conservation Awards a specific entry category for projects which demonstrate the highest standards of historic building conservation. Delivered by the Civic Trust Awards in association with the Register of Architects Accredited in Building Conservation (AABC)

#### **Pro Tem Civic Trust Awards Scheme**

The **Pro-Tem Civic Trust Awards** scheme is open to receive applications from temporary structures and installations. This is quite a departure for the Civic Trust Awards, which for the last 55 years have rewarded longevity and permanence. Temporary installations can make a surprising impact in regenerating areas which often need a quick win to energise their communities and establish a profile. In these austere economic times, the potency of these installations is significant and worthy of record. The Pro-Tem Civic Trust Awards scheme, sponsored by *Metropolitan Workshop*, is open to entries and we would like to encourage you to submit your temporary projects to us for consideration.

### **Civic Trust AABC Conservation Awards Scheme**

The **Civic Trust AABC Conservation Awards scheme** is specifically targeted and tailored to historic building conservation projects, but still retains the 360 degree nature of the Civic Trust Awards assessment process. The care, conservation and adaptive re-use of historic buildings call for a variety of skills. These begin with understanding the significances of a historic building in whole and in its constituent parts. We then consider the identification of defects and the diagnosis of problems and functional deficiencies which leads to the development of an approach - a conservation philosophy appropriate to the specific circumstances of the project. Works of repair, remediation and, where appropriate, adaptation which are both technically and philosophically sound are then formulated. Entries must demonstrate this broad range of skills in an overall project description and the exceptional qualities of the entry can then be described. These may include conservation of the rare and fragile, subtle remediation of structural problems or careful adaptation to meet current needs, all securing the ongoing life and value of the building. We therefore seek the demonstration of virtuosic skills that will inspire others.

#### Which awards scheme should I apply for?

## **Levels of Award**

All applications are considered against our assessment criteria and are eligible to win an Award or Commendation. *Award* winning schemes are then considered separately against each of our criteria for our Special Awards. All winners receive a plaque for permanent display at the site of the winning project and a Certificate. Additional merchandise can be ordered after the annual Awards Ceremony has taken place in March.

- <u>Award</u> given to projects that make an **outstanding contribution** to the quality and appearance of the built environment. Award level schemes demonstrate excellence in architecture or design, whilst being sustainable, accessible and provide a positive civic contribution.
- <u>Commendation</u> given to projects that make a **significant contribution** to the quality and appearance of the built environment. Commendation level schemes demonstrate a good standard of architecture or design, whilst being sustainable, accessible and provide a positive civic contribution.

Civic Trust Awards 2018 Application Guide For Civic Trust Award entries, all winning schemes are automatically considered for the **Special Awards** categories (see below).

#### **The Assessment Process**

Wherever possible, at the first stage of assessment, entries to the **Civic Trust Awards** (and **Pro-Tem Awards** if the structure is still in place) will be visited by a team consisting of a senior architect and (where available) a member of the local community, an inclusive design assessor and a representative of the Local Authority planning department. This team reports its recommendations to the National Panel (a representative group of experts) that make the final decisions on the level of award to be given.

The assessor team will be looking for schemes that are of a good or excellent design standard, demonstrate sustainability credentials, have made a positive impact on their local environment, and have well integrated and detailed access for all. Feedback is offered to all unsuccessful applicants and the decision made by the assessor team and National Panel is final.

For the **Civic Trust AABC Conservation Award scheme**, the first stage assessment will be via a desk study by representatives of the AABC.

**PLEASE NOTE:** where scheme visits are to take place, our assessor teams <u>should not</u> be accompanied by the applicant during their visit. The scheme should be available to be visited by our assessment team at any time during September and October and applicants must ensure that schemes are notified. If the scheme isn't accessible on the date/time provided by the Awards Assessment team, it may be deferred to a desk assessment (for CTA and Pro Tem applications).

## **Rules of Entry**

#### Who Can Enter?

Entries can be made by anyone closely connected with a project, so long as the permission of the owner and occupier of the scheme has been obtained prior to entering.

#### **Completion Date**

Schemes must be completed between 1<sup>st</sup> January 2015 and 1<sup>st</sup> September 2017 - this includes any surrounding areas which form part of the design. The completion window is indicative, if your scheme falls outside this window, please email us to enquire whether it can be entered **info@civictrustawards.org.uk** 

#### **Closing Date**

Entries must be submitted by 5pm on Friday 28th July 2017

#### **Internal Schemes**

Wholly internal schemes are eligible to apply but only if the scheme is accessible to the public (i.e. internal refurbishment of a church, museum, hotel, hospital, etc.)

#### Visibility

Schemes must be visible to the public - it must be possible to see most of it, all year round, from a public thoroughfare. Private buildings that are regularly used by large numbers of people, for instance schools or commercial buildings, are considered visible. Entry fees cannot be returned if the judges decide the scheme is not visible.

### Large, Phased Projects

Fully completed phases of large projects (including any landscaping or ancillary works) are eligible to apply. Entrants should state in the scheme description how the phase relates to the project as a whole, and indicate the project's total size and expected completion date. Judges visiting the scheme must be able to fully assess any completed phase of the project. If our judges decide that the scheme cannot be fully assessed due to the incomplete nature of the scheme or any adjacent works, then the application will be considered unsuccessful. In such instances, resubmission will be permitted at a later date (additional application fee payable).

### **Private Houses & Housing Schemes**

Private houses are eligible but must demonstrate how their project contributes to the debate on topics such as density, sustainability and social mix (e.g. affordable homes). Entrants are reminded that the building must be visible to the public.

#### **Temporary Projects or Installations**

Traditionally, the Civic Trust Awards has promoted the concept of longevity and permanence; however we now actively encourage applications from temporary projects or installations. For any scheme that has a design life of less than 5 years, or is considered to be a transient building/structure (such as a touring art installation) can be submitted for a **Pro-Tem Awards** via the relevant online application form.

#### **Conservation Projects**

For projects that involve the repair, remediation and, where appropriate, adaptation of a historic building, these should be submitted for consideration via the **AABC Conservation Awards** online application form.

#### **Re-submission**

Entries made in previous years cannot be resubmitted unless the judges decided the entry was premature. The entrant will be informed that their scheme has been deferred. For deferred applications, the applicant will need to pay an additional entry fee to re-submit their project if the scheme has been visited and considered incomplete by our assessment team.

#### Disclosure

Should relevant circumstances come to light that had not been known at the time of judging an award may be withheld.

#### Assessment

The decision of the National Panel is final. The Panel will not enter into any correspondence regarding the decision. However, a summary report of feedback will be offered to all entrants on request, with these reports sent out after the Awards announcement, which will take place in March 2018.

#### Winning Projects – Plaques for Display

All winning projects will be presented with a plaque for permanent display at the successful scheme. **Applicants** agree to install the plaque within 3 months of the winner's announcement at the Awards Ceremony.

**Point of Contact for CTA Assessment Visit** – please provide the name and contact details for a person **BASED AT THE SCHEME** whom we can notify or contact to make arrangements for our Assessors to visit your scheme. Ideally, this should be someone who can provide on-site access to the scheme (building manager etc).

**<u>Please note</u>** – our assessors <u>should not</u> be accompanied by the applicant during their visit unless this is expressly required by the Civic Trust Awards. Please ensure that the point of contact at the scheme has been made aware that the project has been entered into the Civic Trust Awards and that we will be making contact to arrange the assessment visit.

#### Section 2 – Scheme Information

Please provide us with relevant information relating to the scheme. All sections are mandatory and form the basis of our key assessment criteria. Failure to adequately complete these sections may result in your application being rejected at the first stage of assessment.

Throughout the application, where there is a help button/icon, please click this for further guidance on the type of information we require or recommended level of detail.

**Scheme Description** – A concise description of the brief, the design approach, collaboration, implementation, budget constraints, phases of development, funding arrangements, and the approximate total cost. Please also include a statement about the landscape architecture/design (if hard/soft landscaping forms part of your application).

#### (Character limit – 3000 including all special characters such as bullet points, spaces, commas, full stops etc)

<u>Sustainability Details</u> – Please describe the key sustainability features of the scheme. Information provided here will help us decide if the scheme should be considered for our Special Award for Sustainability.

(Character limit – 3000 including all special characters such as bullet points, spaces, commas, full stops etc)

Please describe the sustainability strategy and approach for the project, encompassing the following aspects:

#### **Overarching aspiration**

- What were the aims and objectives?
- What performance parameters were set e.g. achieving a particular BREEAM rating, passivhaus standard, level of carbon reduction etc

#### **Design response and approach**

- What did the team do to respond the aims and objectives e.g. what was design response massing, orientation, M&E etc Was there any new or unique systems, process or approaches used?
- Were any specialist assessments used to inform the design process (out with of things like BREEAM assessments etc) e.g. in-use energy assessments (TM54 etc), embodied carbon assessments, biodiversity studies
- What was the result e.g. what was the resultant heating and cooling strategy? How did the design response solve a particular problem to achieve a better outcome?

#### **Outcome and measurement**

- Did the project meet the brief did it achieve the aims and objectives or indeed exceed them?
- Does the building perform as expected or better? What are the results known or predicted.

#### Notes:

The Civic Trust Awards looks to assess the holistic sustainability performance of each application, therefore it is important that applicants describe how the design response met the aspirations for the project, likewise how the building is performing. Where possible applicants should include the outputs from things like in use energy/carbon, water, waste monitoring to help inform the panel's decision. However it is appreciated that this might not be available due the building not having been in occupation/operation long.

<u>Universal Design Details (Accessibility for All Users)</u> – Maximum 3000 characters including all spaces and special characters (bullet points, commas, full stops etc)

A benchmark level of universal design is mandatory for all Award winners, however, exemplar projects can also opt to be considered for the **Selwyn Goldsmith Award for Universal Design**.

Please describe the key aspects of the scheme which demonstrate good universal design.

Firstly, applicants will need to decide if they feel they have met the requirements for consideration for the Selwyn Goldsmith Award for Universal Design?

If **NO**, the standard ? guidance will apply:

The Civic Trust Awards requires that any submission must meet the minimum accessibility standards outlined in Approved document M and K. Your submission should summarise the accessibility levels achieved for all aspects with particular reference to approach, entrance, external and internal circulation, sanitary facilities and relevant facilities. It is understood that where the works are to an existing or historic building that this may be more challenging. However, inclusivity is still required. The submission should provide a description of the works undertaken and the inclusion levels achieved and any mitigating factors should be identified.

If **YES**, the Selwyn Goldsmith Award ? guidance will apply:

Universal Design is about ensuring that places work for all people, no matter your age, ethnicity, gender or ability. An environment or building that is responsive, flexible, welcoming, easy to use and occupy; allowing all to use with dignity and equality. The Selwyn Goldsmith Awards (SGA) seek to promote and applaud those schemes which achieve this and exceed regulation. To be considered for the SGA's your project should have gone beyond the building regulations, as a minimum using best practice guidance, putting people at the heart of the project and showing exemplar design.

To be considered for the Selwyn Goldsmith Award please ensure that you answer the following questions in sufficient detail to enable our panel to understand your approach and assess your scheme.

- 1. What was your vision for the project in terms of Universal Design?
- 2. What design standards were adopted specifically in relation to Universal Design?
- 3. Describe what elements define the project as exemplar in respect of Universal Design.
- 4. How has the design process placed people, including their diverse and specific needs, at its heart?
- 5. What form of consultation was undertaken with local people and/or user groups and how were their views reflected within the design principles adopted?
- 6. Was an Access Consultant (or other access expert) part of the design team and what was their involvement during the design process through to construction?
- 7. Could you please provide any further comments relevant to the Universal Design approach and any information relevant to your application?

<u>Community Impact and Engagement details</u> - Community Impact or Civic Contribution can be interpreted in a number of different ways. This can range from a scheme being a well utilised public asset to primarily providing a positive contribution to the streetscape.
