General comments:

- FOH
- EG. Audience feedback/vibe

Very positive feedback, enjoyed the venue, the show obviously and appreciated it being held in local area. No travelling into city centre.

* BEST THING EVER BEEN TO (was one comment made)
Totally new experience for lots of attendees

- BOH
- EG. technical issues, power cuts etc

late setting up - unhappy with tower rig for lighting. Additional chaws was requested for front of stage area.

These both delayed the doors.
