Dear Julia,

Thank you for your submission for inclusion in the KAG Gallery 2017 program.

We would certainly support your project to begin a cultural relay and develop a forum for discussion between artistic communities using KAG Gallery as the hub for your project.

We agree that this idea best fits March, and would like to host the event in the March slot of our program alongside the 'Made in Hull' narrative for 2017.

If there is anything further that you require, please do get in touch.

We look forward to the project, and working with you

Regards

KAG Gallery Committee
