

## Flood Show Report

Up 20.06

One of the chorus put his foot in the water getting out of the boat. Over enthusiastic. Whole chorus will be re-briefed before tonight's show.

Rained in real life for first hour of show. Audience hung with it though. Champs.

Glorianas radio mic failed because of water build up. Swooped out by onstage sound. Johanna'a radio mic got lost in her buoyancy aid, on stage sound resolved.

No wind tonight so strike was ten minutes shorter and the on stage moves were tight and clean.
