Visit any time within the stated opening hours

Springhead Pumping Station,

Springhead Avenue (off Willerby Road),

HU5 5HZ

For all the information you need to plan your
visit to Micropolis go to greenginger.org

Between the cracks and gaps of the city, tiny people go about their normal, everyday lives.

Using the constant stream of rubbish discarded by humans, they've been gathering, recycling and building, sidestepping the eyes and feet of giants to build their own world; it's a sprawling and vibrant Micropolis.

Enter a world of skyscrapers, homes, shop fronts, bars and gardens, a city built on ingenuity and the desire to survive and grow. Catch a glimpse of a miniature party in full swing and seek out the Town Crier's news. From butchers to burlesque dancers, window cleaners to workmen, familiar lives and faces unfold in perfect miniature.

Explore a bustling city built from all corners of ours.
