(any comments or feedback received / incidents or issues / what worked / what didn't work / participant responses):

Last person arrived at 10.15 am - 6 definite no shows - 3 pairs - mix of open call and youth service (city council youth service (Max Life and Goodwin college)). Follow up to find out why? Should potentially have run on location in neighbourhoods Saturday a problematic day? Hopes session could be shorter. Over-ran by whole session in morning. A good balance of facilitated discussion and presentation, could re-iterate speaking one at a time and smaller table
