

Event Medical Solution

Heart Medical can attend any event, from a small community gathering which requires a few first aiders to a large scale stadium which may require multiple resources including Paramedic, Ambulances, Treatment Centres and Doctors.

Our experienced staff will work with you to provide all the help and assistance you need to make your event safe, legal and most importantly enjoyable.

-  *Smooth end-to-end execution, a dedicated account manager, competent event managers and medical staff trained to national standards*
-  *Care Quality Commission registered and fully insured. We are supported by a strong clinical leadership and governance team*
-  *Experts in assessing your needs, providing advice and guidance, documenting our decision making, writing event plans and medical risk assessments*

Outdoor Circus, Hull

An event proposal for you

At HM we are proud of our flexible approach to work with you in developing a model that is right for your service. This event specification should be read alongside our:

- Choosing the right medical provider our due diligence guide for event organisers
- Event Medical Cover within the Guidelines

The following service specification has been developed for further consultation and discussion.

Event Medical Service Specification

Event Service	Outdoor Circus, Hull
Guidance	Purple Guide to Health Safety and Welfare at Music and other events
Event Organisation	TG Events

Scope and Background

11th and 12th August 2017

Outdoor circus event .

Medical Needs Assessment

2017 planning assumptions:

- Numbers attending – 5,000
- Audience profile – mixed family audience. Children performers
- Activities on site – circus
- Location and access – Park
- Distance from definitive care – less than 30 minutes by road
- Duration of the event – 2 evenings
- Time of year – Spring – Summer
- Overnight camping - none
- Specific hazard – none identified – carnival/circus
- Past experience of the event – no previous data available

Medical Needs Assessment within current guidelines

Event Classification: **Small**

First Aiders/Responders	8	Ambulance	1
Paramedics	1	Rapid Response Vehicle	0
Nurse	0	Treatment Centre	0
Doctor	0	Manager	0

Please see our suggested delivery models below

The medical needs assessment would need to satisfy the needs of the Purple Guides recommendations:

- Undertake a medical, ambulance and first-aid resource assessment. **An overview of the assessment is provided above; a more detailed planning matrix is available upon request. There may be some manoeuvre on the level of cover based on factual information or guidance from the local authority licensing the event**
- A medical staffing plan should be made prior to the event to ensure that staff are deployed appropriately. **A medical plan can be provided if required, at no additional charge**
- Medical provision should be provided for the full duration of the event, including build up and break down. **This would need to be negotiated as required**
