

THE GREEN GINGER FELLOWSHIP

EVER CURIOUS

The Green Ginger Fellowship was founded in 1970, formed through a shared passion for local myths, legends and curiosities. In 47 years, they've investigated over 30 local legends and attracted a number of members as curious in all things unexplainable and improbable as they are.

The Fellowship is currently investigating the huge cache of crates found under the city earlier this year. Predicting the rise of a number of Acts of Wanton Wonder across the city in 2017, their tireless research has led to The Search for the 7 Alleys in East Park in May, The Longhill Burn in July and the return of The Gold Nose of Green Ginger to Bransholme over the summer.

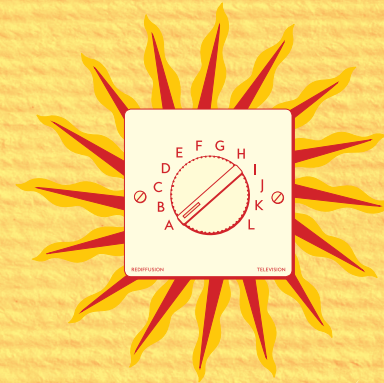

In July, they found strange apparatus in a crate stamped with a sun-shaped logo. Appealing to the public for help with its identification, it was confirmed a secret research arm to Rediffusion had once existed; from this, Re-Rediffusion formed to continue the work started nearly ninety years ago.

To find out about future Acts of Wanton Wonder and the Green Ginger Fellowship, follow their ongoing investigations at greenginger.org

Look out for this mark, heralding the beginning of a new Act

PLAY WITH THE POWER OF HULL'S VOICE

RE-REDIFFUSION'S VOICE PARK

26 SEPT - 1 OCT
PICKERING PARK POOL

Inspired by the original Rediffusion company which distributed voices out across the city, Re-Rediffusion has formed to see if they can reverse the network.

They've been extracting, gathering and distilling voices from across the city and have now found a way to harness this extraordinary energy within the multi-sensory Voice Park.

Voice Park invites you to play with the collective power of Hull's voice. Walk amongst it, charge a cloud of vapour with your voice and play with interactive voice pods to help Re-Rediffusion in their quest to find the *Essence de Voix* - the most potent distillation of the city's combined voices.

Open for the public from Tuesday 26 September to Sunday 1 October.

Tuesday - Friday: 3.30 - 9.30pm

Saturday - Sunday: 12 - 9.30pm

No need to rush! Visit Voice Park any time during the stated opening hours.

An Act of Wanton Wonder discovered by The Green Ginger Fellowship.
