

JAMES CAMPBELL: THE FUNNY THING ABOUT TECHNICAL RIDER

Technical Contact:

Andy Townsend 07901554191

Performer Contact:

James Campbell 07979 550602

** Please note – this show is best suited to children aged 6+ **

THEATRE SHOWS:

Mic: Lapel or headset mic preferred

(it is not necessary to hire one as James is happy with a handheld 58 mic or radio mic if those are all that are on site).

Lighting: general wash required.

Other: stool with glass or bottle of water on.

Staging: James can work in front of a set if sharing the space with another show but needs a few meters depth downstage to work with.

Sound: no sound cues, audience music is at the discretion of the venue.

FESTIVAL SHOWS:

Venue preferences: permanent structure preferred but happy with a tent if it is an **ENCLOSED STRUCTURE** with full PA and audience is encouraged to stay for duration of the show. Please note - a tent / marquee with three open sides is **NOT** an enclosed structure. While we appreciate that controlling sound bleed can be difficult at festivals our expectation is that James will be able to perform without having to shout over bleed from music shows.

Mic: Lapel or headset mic preferred.

(it is not necessary to hire one as James is happy with a handheld 58 mic or radio mic if those are all that are on site).

Lighting: general wash required.

Other: stool with glass or bottle of water on.

Staging: James can work in front of a set if sharing the space with another show but needs a few meters depth downstage to work with.

Sound: no sound cues, audience music is at the discretion of the venue.
