Comments:

- 1) 3 complete swap outs of phone and headset during this show (spare 2, 16, 30). Phone 11 also needs checking preshow today as the sound dropped out in sequence 4.
- 2) There were quite a few fireworks going off around 22.15. This was from the Military Tattoo in Edinburgh Castle. Ms Parr's mic also made a buzzing sound around this point, possible interference with the tattoo's radio mics. DB is in the process of asking which frequency they are on. This will only affect out 9.30pm shows (Weds – Fri this week).

Many Thanks
Jade Hunter
